English

Profile

I'm a developer who loves to create entertaining games. I bring my ideas to life using Unity and C# and I enjoy learning new and innovative approaches. When I'm not programming I am playing games or watching movies.

Experience

2023 - Present
Pathé

Service Employee

Worked at the counter, food service, and cinema halls. Gained experience in customer service and teamwork.

2021 - 2023
Thuisbezorgd

Delivery Rider

As a delivery rider, I brought meals to customers all over Utrecht. I learned to work independently and stay friendly even when it was busy.

Education

2018 - 2023
Volt Toekomstmakers

Vmbo - Kader

Completed general and practical subjects like Dutch, math, English, and technology.

2023 - Present
Graphic Lyceum Utrecht

Creative Software Development

I'm learning to make games using Unity and C#. We work in teams using Scrum and use Git for version control. My main focus is system programming.
